

GOD'S MESSAGE TO THE WORLD

NEALE DONALD WALSCH

New York Times Bestselling Author of *Conversations with God*

Resumo de God's Message to the World: You've Got Me All Wrong

Is it possible that everything we think we know about God, and what God wants, is wrong? Could humanity's ideas about all this be the greatest inaccuracies . . .

ever? Would it matter if they were? The author of the multi-million-selling Conversations with God series places the question squarely before our world in another blockbuster book that could move our species closer to true spiritual revolution on the Earth, changing humanity's future for the better, forever.

In direct and spiritually challenging language, Walsch here exposes the many ways in which he believes that humanity completely misunderstands God. He then describes in clear terms how the world could change overnight if humans accurately comprehended what God is, what God wants, who they are in relation to that, and to each other.

Walsch calls this the Missing Data which, if ever embraced and acted on by our species, would create a spiritual revolution across the globe, bringing humanity both inner and outer peace at last.

Does anybody care why our species has been such a failure? Does anybody imagine it has not been? Does anybody want to know how this whole situation can be turned around in the virtual blink of an eye?

If you do care about those questions, then you will read this book.
