Resumo de History of Men's Magazines - Volume 3

Open your notebooks, sharpen your pencils, and get ready for a history lesson like none you've ever experienced. You're about to learn everything you could ever want to know about the world history of men's magazines— not magazines about sports, not fashion, not hunting or fishing or how to build a birdhouse in ten easy steps, but those titillating periodicals embracing the subject dearest to all heterosexual men's hearts and other body parts: the undraped female form.

Former men's magazine editor Dian Hanson traces its development from 1900 to 1980 in six massive and informative volumes.
