

Individuation and Narcissism

The psychology of self in Jung and Kohut

Mario Jacoby

ROUTLEDGE MENTAL HEALTH CLASSIC EDITION

Resumo de Individuation and Narcissism: The Psychology of Self in Jung and Kohut

Developments in Freudian psychoanalysis, particularly the work of Kohut and Winnicott, have led to a convergence with the Jungian position. In "Individuation and Narcissism" Mario Jacoby attempts to overcome the doctrinal differences between the different schools of depth psychology, while taking into account the characteristic approaches of each.

Through a close examination of the actual experience of self, the process of individuation, narcissism and narcissistic personality disorder, Jacoby demonstrates the benefits of a cross-fertilization of ideas and techniques for the professional analyst.

This Classic Edition includes a new foreword.
