# Resumo de Turnabout

In the year 2000 Melly and Anny Beth were old and ready to die. But when offered the chance to be young again by participating in a top-secret experiment called Project Turnabout, they agreed.

They received injections that made them grow younger, and it seemed like a miracle. But when the injections that were supposed to stop the unaging process turned out to be deadly, Melly and Anny Beth decided to run for their lives.

They need to find someone to help them before time runs out, once and for all....
