*Women of the Otherworld*  
*Book 1*

## Resumo de Bitten

Elena Michaels is a werewolf. On certain nights, she takes off into the streets of the city naked and furred, savagely striking at the throats of her animal prey. Elena has done all she can to assimilate to the human world, but the man whose bite changed her existence forever continues to haunt her.

When the elite pack of werewolves that initiated her into her new life is threatened, Michaels is thrown into a desperate war for survival that tests her allegiance to this secret clan, and forces her to reckon with who, and what, she is.

In the spirit of Anne Rice's *Interview With a Vampire*, *Bitten* is a powerful stay-up-all-night fiction debut and has been adapted into a TV series, to be aired on the Syfy channel in 2014."
