# Resumo de Destruction of the Overworld: Herobrine Reborn Book Two: A Gameknight999 Adventure: An Unofficial Minecrafter's Adventure

The Ender Dragon, infected by the Herobrine virus, has escaped into the Overworld! Gameknight999 and his father, Monkeypants271, traveled all the way to The End and banished the evil virus Herobrine to the only place they knew nothing could survive: the Void.

They thought they had finally destroyed the enemy . . . But through the Void, Herobrine's viral lines of code were able to spread all throughout The End, infecting the horrible Ender Dragon.

After gaining the teleportation powers of the endermen, the dragon escaped out into the Overworld! Terrorizing Minecraft, the dragon's evil presence is now transforming the lush and beautiful land into the dark and desolate world of The End.

It will be up to Gameknight999, his dad, and their NPC friends to defeat the dragon without releasing Herobrine, while at the same time battling a massive army led by Feyd, the king of the endermen, and Xa-Tul, the zombie king.

With everything on the line, Gameknight must use every bit of skill and bravery to save the entire Overworld from destruction. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers: picture books for small children, chapter books, books for middle grade readers, and novels for young adults.

Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a "New York Times" bestseller or a national bestseller, we are

committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home."
