

JESSE MOYNIHAN

# FORMING

## Resumo de Forming, Volume 2

Praise for Jesse Moynihan's "Forming" "One of the most hilarious and amazing bookshelf features I've ever had the pleasure of reading." "It's Nice That" "Civilization, but not quite as we know it, has started to take shape."

And now, in the continuing chaos, the world and most of its inhabitants have brandished their swords and, in various fashions, have charged onto the battlefield. If "Forming" hailed the birth of civilization and mapped out the genesis of life, mass, time, and space, then "Forming II" is the raging war that ensues in the Universe's years of adolescence. Epic confrontations between gods and mutants, philosophical reflections, hilarious dialogue, and powerful artwork make for an impressive sequel of galactic proportions.

"Forming II" is as funny, sophisticated, and mind-blowingly beautiful as the first part of Jesse Moynihan's unique trilogy. Jesse Moynihan is a long-time native of West Philadelphia's music/art scene. His previous comics include the Xeric Award-winning comic "The Backwards Folding Mirror" and "Follow Me." He is currently part of the creative team behind cult Cartoon Network show "Adventure Time," where he creates storyboards and assists with character design."
