Resumo de Mercury Heat Volume 1

Kieron Gillen blasts into an all new epic sci-fi series, Mercury Heat! Over the last few years, Gillen's work has gained a massive following from titles like Uber, The Wicked and the Divine, and Iron Man.

Now he takes you to Mercury, a slow turning planet where you can outrun the sunrise along with the blistering heat it brings. This is the new frontier of space, where humanity's insatiable need for energy is being fueled by Mercury.

It's a tough environment and it attracts a rough crowd. So Luiza is bringing her own heat as a cop on Mercury, since she's just a bit too intense to be one on Earth.

Mercury Heat introduces the sci-fi world of the future where individuals are identified by genetic markers and personality types to fill roles in society, the troublemakers end up on Mercury.

Luiza wanted to help people, she wanted with all her heart to be a police officer. But the automated Grapevine system had other plans for her. There are only a few legal options for someone branded with her neuroprofile.

As an adult Luiza's dream came true - just on Mercury where she enforces laws with extreme prejudice as a bounty agent in a world of hard-as-nails miners and cyborgs.

This volume collects issues #1 - 6 of the ongoing Mercury Heat comic book series.
