

PIXO

The Mark of Evil

Gabriel Bá Becky Cloonan
Vasilis Lolos Fábio Moon

Resumo de Pixu

This gripping tale of urban horror follows the lives of five lonely tenants--strangers--whose lives become intertwined when they discover a dark mark scrawled on the walls of their building. The horror sprouts quite innocently from a small seed and finds life as something otherworldly.

As the walls come alive, everyone is defenseless against a brewing evil. After winning the 2008 Eisner Award for Best Anthology, Gabriel Bá (Daytripper), Becky Cloonan (True Lives of the Fabulous Killjoys), Vasilis Lolos (The Last Call), and Fábio Moon (Daytripper) released the collaboration, Pixu: The Mark of Evil.

This is the first softcover edition of Pixu. Praise for a previous volume of Pixu: "The story telling here is beautiful, creating a real sense of dread and supernatural menace. Smart, subtle and genuine." -Mike Mignola, creator of Hellboy "Horror ought to stick to your ribs, nag at you for the hours and days to follow.

Pixu is gonna bother me for a good long time. I hope it bothers you too. y disturbing." -ifanboy.com
