Resumo de Sacred

The master of the new noir, Dennis Lehane brilliantly interweaves beauty and violence, integrity and evil in this thrilling, powerfully resonant novel. A beautiful, grief-stricken woman has vanished without a trace.

So has the detective hired to find her. And a lot of money. Enter saavy, tough-nosed private investigators Patrick Kenzie and Angela Gennaro. Rooted in the no-nonsense streets of Boston's blue-collar Dorchester, they've seen it all and survived.

But this case leads them into unexpected territory where nothing is sacred a land of lies and corruption where trusting anyone could get them killed . . . where taking any step could be their last."
