Resumo de Scan

Tate and his father don't exactly get along. As Tate sees it, his father has unreasonably high expectations for Tate to be the best at everything. Tate finally learns what he's being prepared for when he steals one of his dad's odd tech inventions and mercenaries ambush his school, killing his father and sending Tate on the run from aliens who look just like humans.

All Tate knows like how to make weapons out of oranges and lighter fluid may not be enough to save him as he's plunged into a secret interspecies conflict that's been going on for centuries.

Aided only by his girlfriend and his estranged mother, with powerful enemies closing in on all sides, Tate races to puzzle out the secret behind his father's invention and why so many are willing to kill for it.

A riveting, fast-paced adventure, "Scan" is a clever alien thriller with muscle and heart."
