

FROM THE FOX SERIES

SLEEPY HOLLOW

BENNETT • COELHO • BONVILLAIN • STEVENSON

Resumo de Sleepy Hollow Vol. 1

The hit FOX tv series comes to life in this graphic novel series. Since Ichabod Crane woke present day Sleepy Hollow, New York after dying on the battlefield in the Revolutionary war, he and police lieutenant Abbie Mills have come to expect that evil always finds its way into the town of Sleepy Hollow.

But they will learn that sometimes, it s already there, waiting to be unlocked and unleashed on the souls unlucky enough to find it. Items as harmless as a music box or grandfather clock can be used as weapons in the ongoing war to bring about the apocalypse.

Abbie and Crane will have to rely on each other if they are both to make it out alive. Written by Marguerite Bennett ("A-Force, Angela: Aasgard's Assassin") and illustrated by Jorge Coelho ("Polarity, Loki: Agent of Asgard"), this action-packed volume takes place during the first season of the fan-favorite television series and features stories of Ichabod and Abbie s hilarious day to day life in the 21st century by Noelle Stevenson ("Nimona, Lumberjanes")."
