The Eyes of
the Heart

A Novel

Resumo de The Eyes of the Heart

Daughter of a Jewish father and a Catholic mother, Professor Louisa Alden had rejected both faiths. The death of her parents in a Tel Aviv bus explosion left Louisa with more unanswered questions.

When Brett Langston enters her Roman Law in Judea class, she begins to have strange visions and dreams of another time. Louisa is not alone. The mysterious journey involves Brett and his daughter, Nell.

As the past spins out of control, the web of events threatens Louisa, Brett and their families. Eyes of the Heart is a woman's healing journey from fragmentation to wholeness, from fear to understanding and love.

Nanek's experience of reconnecting with the spirit of Jeshua/Jesus inspired her to write the novel.
