

The cover art depicts a man with short, spiky white hair, wearing a black tank top, red pants, and a brown utility belt. He is riding a massive, golden, mechanical insect that resembles a centipede or a large beetle. The insect has a segmented body with a green saddle and a large, cylindrical container on its back. The man holds a glowing, flaming sword in his right hand and a curved blade in his left. The background is filled with smaller, similar mechanical insects. The overall style is detailed and dynamic, typical of comic book art.

No single world can contain the majesty of

JAGER ^{OF} FABLES

THE FULMINATE BLADE

Resumo de The Fulminate Blade

With Jack Horner, former star of JACK OF FABLES, permanently transformed into a dragon, Vertigo reboots the series with a new hero, Jack Frost. The world in which this story takes place is the world in which Flash Gordon and Buck Rogers lived, only thousands of years later.

All that remains is superstition and feudalism and all of the old technology is regarded as magic now. Jack seeks the magic blade which will defeat the Giant King. But of course nothing is as it seems since the good guys always reveal themselves to be evil in the end.
