Resumo de The Inheritor

The Inheritor is the story of a reluctant psychic who is trapped, very much against her will, in a battle with the forces of darkness. Leslie Barnes has just bought her first home, overlooking San Francisco's Golden Gate Bridge.

It seems to be the perfect place for Leslie and her sister, a brilliant young musician, but as soon as they move in, a plague of sinister events begins, unsettling both women.

To her horror, Leslie realizes that she is living in a vortex of magickal power. She must become the guardian of that power and protect it from those who seek to use it for evil.

Trained as a psychologist, Leslie is in over her head when dealing with the occult - until she meets Clair Moffatt, a charming medium, and Claire's mentor, Colin MacLaren, world-famous psychic investigator.

Together they stand against evil and enable Leslie to claim her full inheritance.
