

The
ROMANOV

1613

1918

SIMON SEBAG
MONTEFIORE

AUTHOR OF *Jerusalem*

Resumo de The Romanovs: 1613-1918

The acclaimed author of "Young Stalin" now gives us an accessible, lively, wholly revelatory account--based in part on new archival material--of the extraordinary men and women who ruled Russia for three centuries. In this fascinating chronicle, Simon Sebag Montefiore focuses his gifts as historian and storyteller on the greatest and most complex of the emperors and empresses of the Romanov dynasty (1613-1917), on how their courts worked, and on the meeting of personality and power in each reign.

Scouring archives that opened up only after the fall of the USSR, the author reveals the real world of the most storied and myth-shrouded rulers--Catherine the Great, Nicholas II and his wife Alexandra--and introduces readers to the lesser-known but even more scandalous Elizaveta (daughter of Peter the Great) and Alexander II (whose wild sexual passions were bestowed upon a teenage mistress).

The author illuminates the eighteenth-century Age of the Imperial Petticoat; makes clear the full extent of the remarkable political-amorous partnership between Catherine the Great and Prince Potemkin; and uncovers a deep vein of decadence and stupidity underneath the accepted, romantic portrait usually presented of Nicholas II, the last of the Tsars.

As with all of his previous and widely acclaimed works of history, Simon Sebag Montefiore gives an absolute scholarly and archival foundation to a book that is both exceptionally informative and dazzlingly entertaining from first to last.
